DRESSMAKING.

A NEW ERA.

We believe we have overcome the chief objection to buying Ready-Made Dresses.

Correct women dislike the flimsy, ill-shaped, factory-like look of Ready-Made Dresses that are always sold by the dry goods houses, albeit the material employed might be fair enough.

And, worst of all, the moment a new, approved design appears anywhere [illegible] manufacturers duplicate and flood the market with it, thereby destroying the real value to a woman of exclusive taste.

Different hereafter. We are going to utilize our magnificently equipped workrooms and superior corps of designers, fitters, and so forth, to make up Street and House Dresses ready for your selection, with as much care and faithful precision as we bestow on special orders. For illustration:

Materials are our own, selected right in the store—best beyond a doubt. Every feature of the Dress is as carefully done as the costliest special order.

Again, while the skirt is made up the waist isn't. That we make to your measure; guarantee a fit. Price of waist is included in the price of the dress. Most strong feature is no two styles alike. None duplicated. The strongest of all is that the price of the whole dress, complete, is as low as if you made the dress at home yourself.

FOR EXAMPLE:

The once of Worsted Dress Goods, plain and fancy colors, suitable for house and street wear, - - - $35, $45, $55.

Once of Striped Serge, - $27.

The Combination Dresses of Plain and Fancy Stripes, handtrimmed, - - - $40 and $45.

The Silk and Wool Henriettas, and Moire Check Silk, Foulards and Indias, - $25 to $65.

Display upon Monday morning.

THE HUB

A DONATION

To the Engineers, Firemen, and Switchmen of the C., B. & Q. R. R., now on a strike.

In the hour of their trouble The Hub thinks of them and their families. They have often thought of us, too, and crowded our store daily, and part of our success in Chicago we owe to their patronage. In order to contribute our mite to their support we have decided to donate to the funds of the three different orders

10 PER CENT

of our gross sales in ALL departments of our large business, to-morrow,

Monday, April 9th.

Then, while The Hub does not arbitrate on the question of right or wrong, The Hub will ever be found in the foremost ranks when it becomes a question of help to their fellow-men in distress. So, bear in mind, all those persons who want to purchase Men's Suits or Spring Overcoats, Boys' Clothing, Furnishing Goods, Hats and Caps, do so to-morrow; for, in fact, every dollar expended at The Hub on Monday you give 10 cents to the strikers on the C., B., & Q. Road. Come one! Come all! Give them a evening benefit!

SAVE YOUR MONEY.

Years of experience in the Furniture business has convinced me that the correct way to draw trade is to offer to your patrons only the most reliable goods. Goods that are worth every dollar asked for them.

Goods that can be guaranteed.

It is our standing rule of business to sell our goods on the lowest possible margin, and to give every customer the opportunity to bring the goods back and get the money refunded for them, provided the goods are not in every way fully and fairly up to representation.

These are a few of the rules that have drawn trade to us during past years.

Never in the history of clothing business in the world has such a line of Spring Overcoats been gathered under one roof. We have all styles, qualities, and sizes and at prices which the result of our years of practical experience in clothing enables us to offer. Do not buy your Spring Overcoat until you have seen this extensive stock. We have provided $1 to $10 on every Spring Overcoat you buy of us.

BUT THERE IS ONE WOULD-BE COMPETITOR,

jealous of The Bell's increasing popularity, who asks us to show how The Bell can sell goods at lower prices than he is earning for the same qualities. Consistent courtesy compels us to answer a question often politely asked.

THIS IS HOW IT IS DONE.

We are practical clothing men, thoroughly in our business, having served an apprenticeship of 20 years. We are familiar with all the details and intricacies of the retail trade. We give our personal attention to the purchasing of our stock, which is bought for spot cash in large quantities, for the benefit of an organization acquired through long and thoughtful years of industry. We have given the management of our business to high-salaried managers. We adopt the methods of the world's most successful merchants. We have no rent to pay, no losses to cover by bad debts, no agents to pay, no traveling expenses, no catalogue to issue, no branch stores to maintain, no partners to satisfy. We have the discounts of 7 per cent allowed for cash on all our purchases, which alone is our income, which is conducted on an economical basis. Consequently we can hammer prices to pieces as low as any house can and compete with The Bell and pay the enormous rent of $40,000 per year, and an advance of $60,000 for managers, while industry and frugality were the keynotes of success. The Bell is supplied with your requirements now with but enough to inform The Bell how you have given the people an honest dollar's worth and obtained a fortune of $2,000,000 in a few short years with your enormous expenses? Your unwarranted complaints will not frighten us out of this fight. We will not allow you or any other

MOSSBACK CLOTHIER

To dictate prices to us. Our stock of Clothing, Hats, and Furnishing Goods is paid for, and we will sell it every day in the year (Sundays and holidays excepted) at prices that we daily pay to rents.

For the benefit of those who find it inconvenient to call through the day we will be

OPEN EVERY NIGHT UNTIL 8 P. M. SATURDAYS UNTIL 10 O'CLOCK.

You are invited to call and see our stock of Clothing, Hats, and Furnishing Goods and compare prices.

Prices for these manufacturing garments, $3 to $10.

A statistical argument to have struck our Men's and Young Men's Fine Silk-Faced Melton Spring Overcoats. They are indeed beautiful garments. We repeated it would create a breeze. You hear it spoken of in the streets, in the stores, in the coming cars, and the home circle.

We planned the cards right, and our growing business shows the harvest. A less price for honest merchandise tells you the story.

Look in our Store-st. and our Madison-st. windows every day you pass and see the tempting goods at tempting prices.

More beautiful Overcoats displayed for Sat than ever was gathered under one roof.

Note for the fine qualities of Spring Overcoats, representing our finest tailor-made work, the best-made garments we ever put a price on, silk lined with pure silk, material from London's and Paris' finest looms. Can we show them to you? Prices only $15, $16, $20. Every suit removed and a mattress to answer.

VERDICT OF A FEW PURCHASERS OF HOMES

—AT—

EDGEWATER

"I am delighted with every feature of the place."
GEORGE L. PULLEN,
President of the Chicago Telephone Co.,
Pullman Building.

"I am very much pleased with my Edgewater purchase and with the bright prospects of our beautiful suburb. Indications point strongly in favor of the statement made by you during early negotiations—that Edgewater would surely become the model suburb of the West." C. L. ESSIG,
Commercial Agent Chicago, Milwaukee & St. Paul Railroad.

"It is undoubtedly the finest suburb around Chicago."
DANIEL S. LOWING,
Western Agent General Freight Lines of Steamers.

"I purchased at Edgewater for the reason that I considered the alliance was in proper hands, with sufficient capital to continue the very wise and admirable restrictions made for the location of a model suburban village."
WILLIAM FREEMAN, Studio 72 State-st.

"I consider Edgewater the perfect suburb, combining, as it does, all the advantages of the city with the luxuries of the country."
MARSHALL SUTHERLAND, M. D., 103 State-st.

"Edgewater property is unquestionably the most eligible suburban site. The high character of the improvements renders it a most attractive and delightful place to locate."
MARTIN ANDREWS,
Secretary Illinois Wire Nail Co., 204 North Union-st.

"I have visited in search of the best suburban towns around New York, and not one of them, in my opinion, is equal to Edgewater. All the attractions and merits are there, the electric encouragement, and perfect system of sewerage, water and electric light introduced. I know of no place in the United States of which all this can be said. In short, I think Edgewater can be fairly called the model suburb."
A. T. B. BROWER, 204 Lasalle-st.

"I am delighted with my purchase at Edgewater, and I cannot speak too highly of the Edison incandescent light in my residence, especially as I formerly lived in Chicago, where the fluctuating quality of the gas is poor and the price high. The Electric light in my house is brilliant, yet soft and pleasant to the eye, and free from heat, smoke, or dust. I think you have adopted the most perfect artificial light known."
JOHN McCLAIN,
Western Manager "The John W. Daly Wire Book," 91 La Salle-st.

A few houses will be sold at cost and the ground at a price that makes it the cheapest choice residence property in Cook County.

Lots are sold to purchasers agreeing to build houses which will compare favorably in price and character with those already completed.

AN ABBOT CAN BE FOUND AT THE STATION AT ALL TIMES TO SHOW THE BUYERS. Call on any office any morning at 10:30 and I will be pleased to take you to Edgewater.
